

07.02.2022- 11.02.2022 3-4 AGE GROUP ENGLISH BULLETIN

Hi Dear Parents!

We started to the 2nd semester by making practises about what we have learnt. After the short review it was time to learn the **TOYS** and **NUMBERS!**

It will take 2 **WEEKS** to learn most of the toys and make sentences by using them.

Games and Activities:

Favorite Game ♥

1,2,3,4,5 JUMP:

Kids dance with the song of numbers and count. When they say 5 and 10 they start jumping and continue counting.

PUZZLE PICTURES:

It's a game to play on the smartboard. There are pictures of some toys but they can't be seen clearly first. Kids try to guess the toys and if they guess right there is a celebration song playing and they dance. If they are wrong there is a sad song and they pretend like they are crying.
