Hi Dear Parents!

It's the second and last week of toys and numbers topic. We have learned most of the favorite toys' names and we can count them to ten.

Games and Activities:

Favorite Game ♥

Rubber Ducks

There is a video with ducks. They swim and get lost one by one. Kids try to tell how many ducks left.

Toy Box

There are some of our favorite toys in the box and kids pick a toy blindfolded. They try to guess which toy is it.
